Project Design Phase-II
Technical Architecture

Date	03 NOV 2023
Team ID	NM2023TMID08696
Project Name	Project- How to create brand name, brand mail and brand logo in Canvas

Technical Architecture:

the technical architecture for creating a brand name, brand email, and brand logo in Canva is a complex blend of front-end and back-end technologies, cloud infrastructure, design tools, security, and user management. It's designed to provide a user-friendly and reliable platform for individuals and businesses to create and manage their brand elements.
